PROFESSIONAL SUMMARY

- Problem solver and fast learner with strong communication skills. I am motivated to upgrade and expand my skill set through mentorship and challenging projects. I enjoy working collaboratively but can also run with projects independently. I am excited about the prospect of joining a Ingoude company.

- A seasoned web developer with a proven track record of designing, implementing, testing, and maintaining innovative and scalable web applications. Proficient in a variety of programming languages, frameworks, and content management systems, with a strong commitment to delivering high-quality, user-centric solutions.

EXPERIENCE

Salesforce Developer Intern | Remote
PRESENT

- Writing programs using a programming language. Debugging programs that have problems. Testing the program to make sure it works as expected. Keeping track of and updating the program's codebase.

- Ability to develop and maintain custom workflows, integrations, and data architecture, as demonstrated by their experience in reducing manual data entry, increasing data accuracy, and improving system functionality.

PROJECTS

8 Puzzle Problem | HTML, CSS, JAVASCRIPT |

- Developed an application that involves arranging a set of numbered tiles within a 3x3 grid. The tiles are initially shuffled, and the goal is to rearrange them in ascending order.

- An engaging and educational web application for users to enjoy solving the 8-puzzle problem.
